FOR IMMEDIATE RELEASE

Shade Tree Garage, Automotive Repair Facility, Re-Locates Within Morristown

Same Reliable, Top-Notch Service - New Location

Morristown, New Jersey, May 16, 2008: After 33 years in the same Malcolm Street location, Shade Tree Garage moves their automotive repair facilities to 171 Washington Street, Morristown. Owner John O'Connor has created a state-of-the-art automotive repair shop with up-to-date computer systems for all cars, trucks and vans. The new facility also includes a separate, climate-controlled area for storing custom cars, hard tops, wheels and tires.

Whether it's a simple oil change or a more complicated repair, there is only one standard of service at Shade Tree Garage... complete automotive repair service excellence. Today's vehicles are extremely sophisticated machines with computer-controlled electronics and components. "Our job," says O'Connor, "is to keep your vehicle, whether domestic or foreign, performing the way the factory designed it to perform." Shade Tree Garage specializes in servicing European (Audi, BMW, Mercedes Benz, Porsche, Rover, Volvo, VW), and Japanese cars (Toyota, Lexus, Infinity, Honda, Acura). They also accommodate all domestic car, truck and van repairs.

Shade Tree Garage is also a licensed New Jersey Motor Vehicle Inspection facility as well as a State-certified Emissions Repair facility. Because of their commitment to providing their customers with the best of technology, Shade Tree Garage is well equipped to keep your car operating in compliance with the strict New Jersey State emission standards. In fact, they are one of the few automotive repair shops in the State to have a dynamometer and a drive-on brake performance tester with a digital display and printout of how each wheel is stopping (the same as the state inspection stations have).

According to O'Connor, "We take preventative maintenance seriously and give you the best advice on how to maintain your vehicle for its lifetime. We can perform the periodic maintenance on a car, even under manufacturer's warranty. When we do, we'll let you know if there's a problem that needs to be fixed by the dealer." Any work performed by Shade Tree Garage will not void the manufacturer's warranty. Even more importantly, if they maintain or repair your car, they guarantee it, both parts and labor, for twenty-four months or 24,000 miles, whichever comes first.

Regardless of make or model, customers universally agree that Shade Tree Garage provides exceptional customer service. They have six loaner cars for your convenience or can arrange for pick-ups and drop-offs at your place of business, home or the train station. Give them a call at 973-540-9880. When you do, we're certain you will find them to be knowledgeable, honest and professional. Shade Tree Garage is open Monday through Friday from 8:00 AM to 5:00 PM. Visit their web site at www.shadetreegarage.com or visit their new facility at 171 Washington Street in Morristown, New Jersey.
