Shade Tree Garage Expands Location in Morristown

Morristown, New Jersey, February 15, 2010 Shade Tree Garage, a trusted independent automotive repair shop in Morristown, NJ, recently expanded its operations at 171 Washington Street. Although Shade Tree Garage has been operating in Morristown since 1975, it has done so, for most of its history, at the end of a dead end street. Two years ago, they moved to the Washington Street location and operated out of the back portion of the building. As of February 1st, they began construction to expand into the front of the building where High Marques had its showroom.

This expansion is especially exciting for owner, John O'Connor. As O'Connor states, "Throughout our existence, we've prided ourselves in being one of the best automotive repair shops in the area. We were able to build a successful business, even on a dead end street, because of our commitment to providing trusted expertise and state-of-the-art diagnostic equipment. This expansion will allow us to excel even more at what we do best - maintaining and repairing automobiles."

The Shade Tree Garage technicians are certified in all major areas of car repair and possess superior diagnostic skills that can only be acquired from years of servicing many different makes and models. While they can handle all domestic and foreign cars, light trucks, SUVs and vans, they specialize in servicing European (Audi, BMW, Mercedes Benz, Porsche, Rover, Volvo, VW), and Japanese cars (Toyota, Lexus, Infinity, Honda, Acura).

About the shop expansion, O'Connor adds, "With any business, there's always room for improvement. We've got some great ideas on how we can better serve customers at Shade Tree Garage. We're even developing some pretty creative promotional programs to celebrate our expansion. As a hint... in the coming months look for some great classic cars belonging to our customers in our front window."

Regardless of make or model, customers universally agree that Shade Tree Garage provides exceptional customer service. They have a fleet of loaner cars for your convenience or can arrange for pick-ups and drop-offs at your place of business, home or the train station. They are also a licensed NJ Motor Vehicle Inspection facility as well as a State-certified Emissions Repair facility. Even more importantly, if they maintain or repair your car, they guarantee it, both parts and labor, for twenty-four months or 24,000 miles, whichever comes first.

Shade Tree Garage is open Monday through Friday from 8:00 AM to 5:00 PM. Visit their web site at www.shadetreegarage.com or visit their new and expanded facility at 171 Washington Street in Morristown, New Jersey. Please remember to come to the front door instead of going all the way around the building.

Shade Tree Garage is a trusted independent automotive repair shop located in Morristown, New Jersey. They work hard to accomplish their mission: "To give you peace of mind about the safety and reliability of your car." To schedule an appointment for automotive repair or servicing call Shade Tree Garage at 973-540-9880.
